Equestrian
Centre

Horses add their own style to a country house setting. Echoes of bygone days on a ride across the estate. The Equestrian Centre at Lucknam Park affords everyone the opportunity to enjoy the thrill of horse-riding.

Horses for courses

Complete beginners, both adults and children, gain confidence in the saddle within the learning pen of our lunge arena. More advanced riders can try hacks through Cotswold villages or our cross-country course, created by Badminton course builders, the Willis Brothers. Our full-size all-weather arena lets you hone your skills in dressage and showjumping. All under the expert eyes of our professional equestrian team.

Everything equestrian

The Equestrian Centre is home to 35 horses of all sizes and capabilities. All you need to look the part is available for hire: riding hats, chaps, waterproofs and body protectors. As well as riding, you can learn more about basic stable management, grooming and schooling. The Centre, with top of the range American Barn stabling also provides a livery service, which allows you to address individual issues with your own horse under our skilled guidance.
