Meetings  
& Events

Lucknam Park is the ideal place to meet. Discrete yet accessible. Secluded yet connected. A distraction-free setting for the best business brainstorms. A space for clear thinking and healthy debate.

Our four elegant meeting rooms lend themselves perfectly to top-level discussions. Each provides flexible space for creative exchanges, networking sessions or working lunches. Windows overlook the calm of the courtyard or the greenery of the garden. Wi-Fi throughout the hotel keeps communication channels open. Our estate grounds also easily adapt to host al fresco drink receptions or team-building events. In all, quite the business proposal.

## Exceptional events

We've made it as easy as possible to organise events at Lucknam. Our day and 24-hour delegate rates incorporate all the main components you are likely to need. Thereafter you can tailor an event to match your aims. Get your top people round the table for a creative think tank. Take full advantage of our 500 acre estate to shoot a few clays, fly birds of prey or drive a 4x4 blindfold as part of a team-building day. Let our professional team boost the performance of yours.

## Bespoke programmes

We've also created a series of programmes which really bring out the best of Lucknam Park. 'Healthy Delegates', for example, helps keep clear heads with yoga, massage and fruit smoothies as part of the day. 'Adventurous Delegates' find themselves riding across Lucknam estate or flying over Bath in a helicopter. You may also have your own ideas. We have an impressive background in creating memorable occasions, from hot air balloon flights to private opera recitals on the lawn. Our imagination knows no bounds.

## Meetings with more

There's much to enjoy at Lucknam Park away from the business of the day. Our Spa is regarded as one of the finest in the UK. Our Equestrian Centre welcomes both first-time and experienced riders. Private tennis courts, five-a-side football and dedicated jogging and woodland trails are the perfect antidote to a day of meetings.

If time is at a premium during your event, you can always add a day or two before or afterwards. You'll be so glad you did.
