ROOM DESCRIPTIONS

Lucknam Park is a 17th Century Palladian Mansion which means all of our elegant and luxurious rooms do vary in size, shape and outlook, making them hard to classify in traditional hotel terms. However, the following may help explain some of the variations.

Standard Rooms

These double bedded rooms are situated in both the main house or around the delightful courtyard. Although these are the smallest rooms they are ideal for shorter stays.

Deluxe Rooms

These twin or double bedded medium sized rooms are situated in the main house, courtyard and cottages and have the benefit of a cosy sitting area within the room. All enjoy a lovely outlook.

Park Suites

Four individual suites situated in the courtyard and cottages. These spacious rooms all enjoy fine views of the gardens and have the luxury of a comfortable sitting area. Other features of these rooms include a DVD Player and either a four poster, sleigh bed or separate walk in shower.

Grand Suites

These traditional, luxurious suites are situated in the main house and courtyard and have stunning views across the estate and gardens. All have a DVD Player and feature either separate sitting rooms, open fire places or four poster beds.

Grand Master Suites

(Coral and Tower)

Situated in the bays at the front of the main house each has magnificent views of the estate. Both these unique suites have sumptuous décor, with a large sitting area, stately four poster bed, writing desk and a dining table. Other features include a DVD Player and an open fire. Both rooms interconnect with accommodation that can be twinned.
